

Workshop on System and Control Perspectives for Smart City

December 13, 2015

International Conference Center Hiroshima, Hiroshima, Japan

<http://scpsc2015.sice-ctrl.jp/>

Call for Position Papers

SCPSC General Chair:

Shinji Hara (Univ. of Tokyo, Japan)

SCPSC General Vice-Chair:

Raja Sengupta (Univ. of California, Berkeley, USA)

SCPSC Program Chair:

Toru Namerikawa (Keio Univ., Japan)

SCPSC Program Vice-Chair:

Scott Moura (Univ. of California, Berkeley, USA)

SCPSC Publication Chair:

Takeshi Hatanaka (Tokyo Inst. Tech., Japan)

SCPSC Publicity Chair:

Chiaki Kojima (Univ. of Tokyo, Japan)

SCPSC Registration Chair:

Xin Xin (Okayama Pref. Univ., Japan)

SCPSC Program Committee:

Eckhard Arnold (Univ. of Stuttgart, Germany)

Aranya Chakraborty (North Carolina State Univ., USA)

Takeshi Hatanaka (Tokyo Inst. Tech., Japan)

Yutaka Iino (Toshiba Corp., Japan)

Karl Henrik Johansson (KTH Royal Inst. Tech., Sweden)

Chiaki Kojima (Univ. of Tokyo, Japan)

Pepe Maestre (Univ. of Seville, Spain)

Masakazu Mukai (Kogakuin Univ., Japan)

Alessandra Parisio (KTH Royal Inst. Tech., Sweden)

Tomotake Sasaki (Fujitsu Labs. Ltd., Japan)

Ketan Savla (Univ. of Southern California, USA)

Josh Taylor (Univ. of Toronto, Canada)

Daniel B. Work (Univ. of Illinois at Urbana-Champaign, USA)

SCPSC Working Group:

Takeshi Hatanaka (Tokyo Inst. Tech., Japan)

Yutaka Iino (Toshiba Corp., Japan)

Chiaki Kojima (Univ. of Tokyo, Japan)

Masakazu Mukai (Kogakuin Univ., Japan)

SCPSC Local Arrangement:

Masami Saeki (Hiroshima Univ., Japan)

Yoshifumi Zoka (Hiroshima Univ., Japan)

Co-Organizer:

Japan Agency for Marine-Earth Science and Technology

Technical and Financial Sponsors:

Azbil Corporation

JST CREST Strategic Basic Research Program:

System Theory for Harmonized Power System

Control Based on Photovoltaic Power Prediction

(HARPS)

The **Workshop on System and Control Perspectives for Smart City (SCPSC)** will take place on Sunday, **December 13, 2015** at the International Conference Center Hiroshima, **Hiroshima, Japan**.

The SCPSC is a new event launched in 2015 by the Technical Committee on Smart Cities of IEEE Control Systems Society (CSS) and Research Committee on Control and System Design for Urban Infrastructures of SICE Control Division. The SCPSC provides an opportunity for international interactions among researchers, students, and engineers who are working on various aspects of Smart City control problems, from theory to application.

The workshop consists of several invited talks and a special session for young researchers sponsored by Azbil followed by discussions for future activities.

We invite position papers that propose concepts, frameworks and/or architectures for Smart Cities – from a systems and control perspective. The proposals should be 1-2 pages with the IEEE CDC format and must be submitted to scpsc2015@nl.sd.keio.ac.jp by November 2, 2015 (Extended). We anticipate accepting around ten position papers and invite their authors to make short presentations at the workshop and attend the reception. Authors of accepted position papers will be financially supported for transportation from/to Osaka (where IEEE CDC will be held after this workshop) and Hiroshima.

Information for Submission

Please submit both initial and final paper manuscripts in PDF format to e-mail address: scpsc2015@nl.sd.keio.ac.jp. Papers must be written in English. The papers will be peer-reviewed. The accepted papers will be assigned to an oral/poster session in English.

Important dates

Initial submission due: ~~October 28, 2015~~

November 2, 2015 (Extended)

Notification of acceptance: **November 9, 2015**

Final manuscript due: **November 23, 2015**

SCPSC 2015 Sponsors

SICE Control Division
